Thank you for purchasing the Vibration Alarm. This product is designed as a Vibration Alarm by working with your iPad, iPhone, iPod or other iOS devices.

- Support iOS version 7 or above;
- Support Bluetooth version 4.0.
- Set wake up buzzer alarm or vibration alarm with snooze function, up to 10 alarms.
- Take full control of the Vibration Alarm with i-device app via Bluetooth Low Energy.
- Selectable alarm tone pattern and volume to different alarms.
- Set count down timer.
- Monitor the battery status of the Vibration Alarm and have low battery warning if it is at low level.

Before you start using it

- Please make sure to read the instruction manual carefully.
- Following and respecting the instructions in your manual will prevent damage to your instrument and loss of your statutory rights arising from defects due to incorrect use.
- We shall not be liable for any damage occurring as a result of non-following of these instructions. Likewise, we take no responsibility for any incorrect readings and for any consequences which may result from them.
- Please take particular note of the safety advice!
- Please keep this instruction manual for future reference.

Getting started

1. Install battery:
 - 1.1 Open the battery compartment.
 - 1.2 Insert 3 x AAA batteries in polarity (+) and (-) as indicated.
 - 1.3 Close the battery compartment.

2. Install BleAlarm App on your mobile device.
 - 2.1 Access app store and search for BleAlarm .
 - 2.2 Select and install BleAlarm App on your mobile device.

Pairing the Vibration Alarm

3. Pair the Vibration Alarm with BleAlarm app.

3.1 Before running the BleAlarm app, make sure the Bluetooth is turned ON at your i-device.

3.2 After you tap the app icon , the 'Nearby Devices' screen appears. You need to pair the Vibration Alarm device before you enter the main app screen.

Pairing the Vibration Alarm

3.3 Tap "Pair New Device" to search for nearby devices.

3.4 Press and hold the [PAIR] button on the Vibration Alarm device for 5 seconds. You can find the flashing LED will turn from red to blue.

3.5 The New Vibration Alarm will be displayed on App and is ready for pairing. Tap the "New Vibration Alarm" will start the pairing and connection process. Once the Vibration Alarm is paired, it will start time and data synchronization.

Pairing the Vibration Alarm

3.6 Once connected, the following information will be synchronized:

- i) Current time and date
- ii) Alarms & timer setting
- iii) Unit battery level

3.7 One Vibration Alarm unit can pair one idevice each time.

3.8 One idevice can pair up to 5 Vibration Alarm units.

Rename the Vibration Alarm

4. Rename the device.

Tap the device name (default is "Vibration Alarm") at the top of the screen to edit the Vibration Alarm device name.

Battery status indicator

5. Battery status indicator

It indicates the battery level of your Vibration Alarm device. While the battery level drops below 20%, the battery icon is in red status and a low battery warning will pop up to remind battery replacement.

Above 60%

Preference

- 11.2 Alarm Sound Duration: The alarm duration. User can set from 1 to 15 minutes.
- 11.3 Auto DST update: It will adjust Daylight Saving Time (DST) automatically based on your idevice time zone setting. The alarm clock will be automatically one hour ahead of Standard Time in summer time and will be back to the normal Standard Time when back to winter time, according to your idevice's time zone.
- 11.4 Tap [Done] to save the setting or Tap [Cancel] to restore the setting.

Reset the Vibration Alarm

12. Reset the Alarm

If the Vibration Alarm is not working properly, press RESET button to reset the unit. During reset, the LED flashes twice in (purple) color and the Vibration Alarm vibrates twice. Then the LED will flash once per 6 seconds in red color.

Reset the unit will break the connection and clear the data in your unit. Repeat step 3.3 - 3.5 to reconnect the unit. If the unit has connected your mobile device before, you can select "Restore" to resume all setting and data or select "Erase" to start all from scratch.

Care Of Your Vibration Alarm

- The unit shall not be exposed to dripping or splashing.
- Do not expose the unit and batteries to humid, rain, sand or excessive heat caused by heating equipment.
- No objects filled with liquids, such as vases, shall be placed on the unit.
- No naked flame sources, such as lighted candles, should be placed on the unit.
- To clean the set, use a soft dry cloth. Do not use any cleaning agents containing alcohol, ammonia, benzene or abrasives as these may harm the housing.

Disposal of Your Old Product

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused. When this crossed-out wheeled bin symbol is attached to a product it means the product is covered by the European Directive 2002/96/EC.

Please inform yourself about the local separate collection system for electrical and electronic products.

Please act according to your local rules and do not dispose of your old products with your normal household waste. The correct disposal of your old product will help prevent potential negative consequences for the environment and human health.

Disposal of Flat Batteries / Accumulators

You, as the end user, are legally obliged (**Battery Ordinance**) to return all flat batteries and rechargeable batteries.

Disposal in the household waste is prohibited.

"European Directive 2006/66/EC" Batteries, including rechargeable batteries, which contain hazardous substances are marked by symbols which indicate the prohibition of disposal in the household waste.

The designations for the heavy metals concerned are as follows:

Cd = cadmium, **Hg** = mercury, **Pd** = lead. You can return flat batteries / rechargeable batteries free of charge to the collection points in your community or anywhere where batteries / rechargeable batteries are sold.

You thus fulfil your statutory obligations and help protect the environment.

Caution

Replace only with the same or equivalent type of battery, please refer to the engraved battery marks inside the battery compartment for the correct battery polarity (+) and (-). Danger of explosion is possible if battery is incorrectly replaced.

This product complies with the requirement of the 1999/5/EC directive.

Use this unit and mobile phone only in environments with ambient temperatures between 0°C and 35°C.

The maximum operating temperature of the unit is 35°C

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Japan Radio Law Statement

This product contains the certified module by Japan Radio Law. The certification number is  018-140077.
