

Activating Warranty Coverage:
To obtain warranty service please contact Jung Myung Telecom Co., LTD. Customer Support within the applicable warranty period. A dated proof of original purchase from Jung Myung Telecom Co., LTD. or its authorized reseller will be required. The customer will be contacted by phone or e-mail, if necessary. Customers should expect a 72-hour response time. The Technical Support Team can be reached through e-mail at: sales@usbdrive.com

Limitation of liability:
This limited warranty does not cover loss or damage, which occur in shipment to or from the reseller, or due to: (1) improper installation, maintenance, misuse, neglect, or any cause other than ordinary commercial or industrial application; (2) adjustment, repair, or modifications by anyone other than Jung Myung Telecom Co., LTD. authorized personnel; (3) improper environment, extreme temperatures, electrical power failures, surges, or other irregularities; (4) statements made about Jung Myung Telecom Co., LTD. products by salespeople, dealers, OEMs, or agents unless otherwise confirmed in writing by an officer of Jung Myung Telecom Co., LTD.

Warranty
Jung Myung Telecom's warranty obligations are limited to the terms set forth below. Jung Myung Telecom Co., LTD. as a manufacturer of 'USB X Drive' guarantees this hardware product against defects in materials and workmanship for a period of one(1) year from the date of original retail purchase.

Certification Information (FCC)

This Device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limit for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:
1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio TV technician for help.

The Ultimate Storage Device.

USB X DRIVE

Benefits of Using USB X Drive

SAVE all your large files on the USB X Drive such as PowerPoint presentations, websites, design music, and more files. About the size of a car key, the USB X Drive connects to your USB port and allows you to transfer your files up to 1 GB. There is no simpler or more convenient method to move your data.

SECURE your confidential files with ease of mind. Before you leave your home or work, back-up your most important data and carry it with you. Imagine being able to keep your budget, your address book, or important e-mail in your pocket without worry!

SHARE with all major operating systems faster than anything of its size. You can Plug-and-Play the device on nearly all PCs worldwide using Windows, Mac, and Linux operating systems.

Minimum Requirements - PC

Microsoft® Windows® 98/SE/ME/Windows 2000 or XP
200MHz or higher Intel® Pentium® processor
32MB RAM (64MB recommended)
USB port
Internet connection if you need to download Windows® 98/SE driver file

Minimum Requirements - Macintosh®

Mac® OS 8.6 version or higher
Mac® G3 or higher
32MB RAM (64MB recommended)
USB port

Note If your computer's USB port is either recessed or protected by a PC design molding, please utilize the included USB extension cable.

Warnings Do not remove the USB X Drive until the indicator light is quiet. When the indicator is blinking red, the device is busy. Do not touch the USB X Drive into the USB port.
