FCC Class II Permissive Change Request Letter

Date : 2021. 05. 27.

UL Verification Services Inc.(formerly UL CCS)
47173 Benicia Street, Fremont, CA 94538

We are submitting an application for a class II permissive change to the FCC approval of the Company name: **Vieworks Co., Ltd.**, product description: **802.11ac Dual Band Module** (FCC ID: PFRWLE900VXVW, Original Grant Date: 07/25/2017)

The transmitter module itself has not changed.

- The output power in this host was tested with the same of the original module.
- Antenna used in this host is same as original filing and the module with the host has been verified in accordance with KDB996369D04 for radiated spurious emissions to be compliant.
- Additionally, the channel plan and software security remain unchanged from the original filing.

Here are the changes:

1. Adding portable hosts (Models: FXRD-3643FAW)
2. 802.11 b/g/a modes are disabled by software.

If you have any questions regarding this application, please feel free to contact me.

Sincerely,

Signature 

SeongHwan Park , Assistant Manager
