Subject: Confidentiality Request

Gentlemen,

Arris respectfully requests confidentiality of certain materials provided with the submission of the SD300 under FCC ID: PG4SD300 in accordance with FCC Regulations 0.459. The confidentiality request applies to the schematics, system block diagram and bill of materials contained in this filing

The SD300 has been developed at considerable effort and expense by Arris. These items are considered as Trade Secrets and therefore public access to the proprietary material could possible result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

David A. Collins
ARRIS CXM
Director of operations
