**In re: Höft & Wessel AG
FCC ID: PGMHW901950001
Class II Permissive Change
Demonstrating Compliance With RF-Exposure Requirements**

Höft & Wessel AG hereby declares that the attached SAR measurements were taken for the same EUT that was also used for measurements of the previous FCC certification according to FCC part 15 section 15.247.

The only purpose of these additional measurements is to demonstrate the compliance with the RF-exposure requirements in order to permit the proper use of this portable body-worn equipment and delete the statement "separation distance of at least 20 cm from all persons" which is actually part of the User Manual because of the Grant Notes.

Sincerely,

Sebastian Köhler
technical project manager
Höft & Wessel AG
