

Label position WR0300 unit

The label cannot be placed on the frontside due to components and screws on the frontside. The label will therefore be placed on the backside of the WR0300 Unit.

Label position WR0303 unit

The WR0303 consists of the WR0300 unit, a power supply and a common housing. Since the label of the WR0300 will be hidden an additional label is placed at the same position on the backside. The label cannot be placed on the frontside due to components and screws on the frontside.
