Inquiry:

We (TCB) have received an application for Class III. This permissive change request is for addition DFS bands to device certified as SDR.

The grant for this device was issued on May 19, 2014, FCC ID: PGR5400AC and Company is Pace America Inc.

Now we (TCB) has uploaded the application to the FCC website, however the device needs DFS verification by OET.

Please provide guidance to us about final acceptance of the grant.

Thanks,

Ref: FCC ID: 5200AC and TC465055 and FCC Correspondance # 180101

DFS verification testing was completed by OET on Aug 08, 2014. As required by OET, we have attached here attestation statement by Pace America about transmission on Channel 144 (20 MHz BW and Channel 142 (40 MHz BW).

We request you to review the statement and permit us (TCB) to accept the final grant.

We also request to inform us if any more information or documents are required before closing this submission.

The application for class III permissive change was uploaded on July 10, 2014 and is not available for TCB action. We request you place the filing in administrative/ audit mode so we may be able to upload you may need and print grant before accepting final grant.

thanks,

Regards,
