RE: ATCB013201 – Original Equipment Certification Application

FCC ID: PGRC41 for Pace Americas

Attention: Richard Fabina

Please find our responses to your comments on this application below:

5. Please confirm that the power level setting (level 3 or W3) to which the device was set during testing is the maximum power setting available on this device. I cannot find any information on the power level settings anywhere in the submitted exhibits.

a. The “3” or “W3” setting noted in the test report is the maximum output power setting available.

Regards,

Mark E. Hill
