Subject: Unrestricted Contention Based Protocol

To whom it may concern

We hereby declare that only user/operator accessible parameters that can affect the operation of the contention based protocol are:

- Carrier Sense Backoff Frames
- Carrier Sense Threshold

These parameters can only be set within ranges of values permitted in the Netspan Management software as detailed below:

- Carrier Sense Backoff Frame : any value  $\geq 2$
- Carrier Sense Threshold: -96dBm to -65dBm in 1dB steps

Sincerely yours,

A handwritten signature in black ink, appearing to read "Zion Levi", written over a horizontal line.
