

# Label Placement

The label is placed on the back of the case. All InterPoint RTS units will be labeled with a label containing the following wording:

**FCC ID: PII-VSUB233**

**IC: 3505A-VSUB233**

**This device complies with Part 15 of the FCC Rules.**

**Operation is subject to the following two conditions:**

- (1) This device may not cause harmful interference, and**
- (2) This device must accept any interference received, including interference that may cause undesired operation.**

The instruction manual for all products that incorporate this module will include the following information:

**FCC ID: PII-VSUB233**

**IC: 3505A-VSUB233**

**This device complies with Part 15 of the FCC Rules.**

**Operation is subject to the following two conditions:**

- (1) This device may not cause harmful interference, and**
- (2) This device must accept any interference received, including interference that may cause undesired operation.**
