Dear Sirs,

**Subject: Applications for FCC Certificates of Approval for Raymarine 4kW  
Digital Radome Radars – PJ5-18DD4KW and PJ5-24DD4KW**

We are submitting two applications for examination by BABT (as a TCB for the FCC) for our new X-band 4kW Digital Radome radar. These are intended for use on non-IMO leisure craft and small workboats. The two applications are essentially identical, the differences between them being confined to the antenna size (18" or 24") and the size of the radome enclosure to accommodate the appropriate antenna. There are thus small differences in some of the photographs and in the antenna specifications.

If you require any further information, we will be happy to assist.

Please advise the total cost for these applications, and I will arrange for a Purchase Order to be raised.

Yours faithfully,,

A handwritten signature in black ink, appearing to read "P. Bowen", with a stylized flourish at the end.

Peter Bowen,  
Compliance Manager  
Raymarine Limited.
