

NGS 12kW Digital Open Array Radar Scanner

Internal Photographs

INDEX

Page No.	Description
3	Scanner opened for servicing - left-hand view
4	Scanner opened for servicing - right-hand view
5	Scanner opened for servicing - rear view
6	Scanner opened for servicing - core module removed
7	Motor/gearbox assembly and rotating joint
8	Radar core assembly - top view
9	Radar core assembly - top view - LNC cover removed
10	Radar core assembly - top view - LNC removed
11	LNC PCB module top (component) side with screening can removed
12	LNC PCB module underside
13	Radar core assembly - lower view
14	Modulator/PSU PCB - lower view
15	Radar core assembly - lower view - Modulator/PSU PCB removed
16	Modulator/PSU PCB - top (component side) view
17	Radar core assembly - lower view - IF cover removed
18	Radar core assembly - lower view - IF PCB Assembly removed
19	I.F. PCB Assembly top side
20	I.F. PCB Assembly underside

NGS 12kW Digital Open Array Radar Scanner - left-hand view - opened to service position

Interior view 1

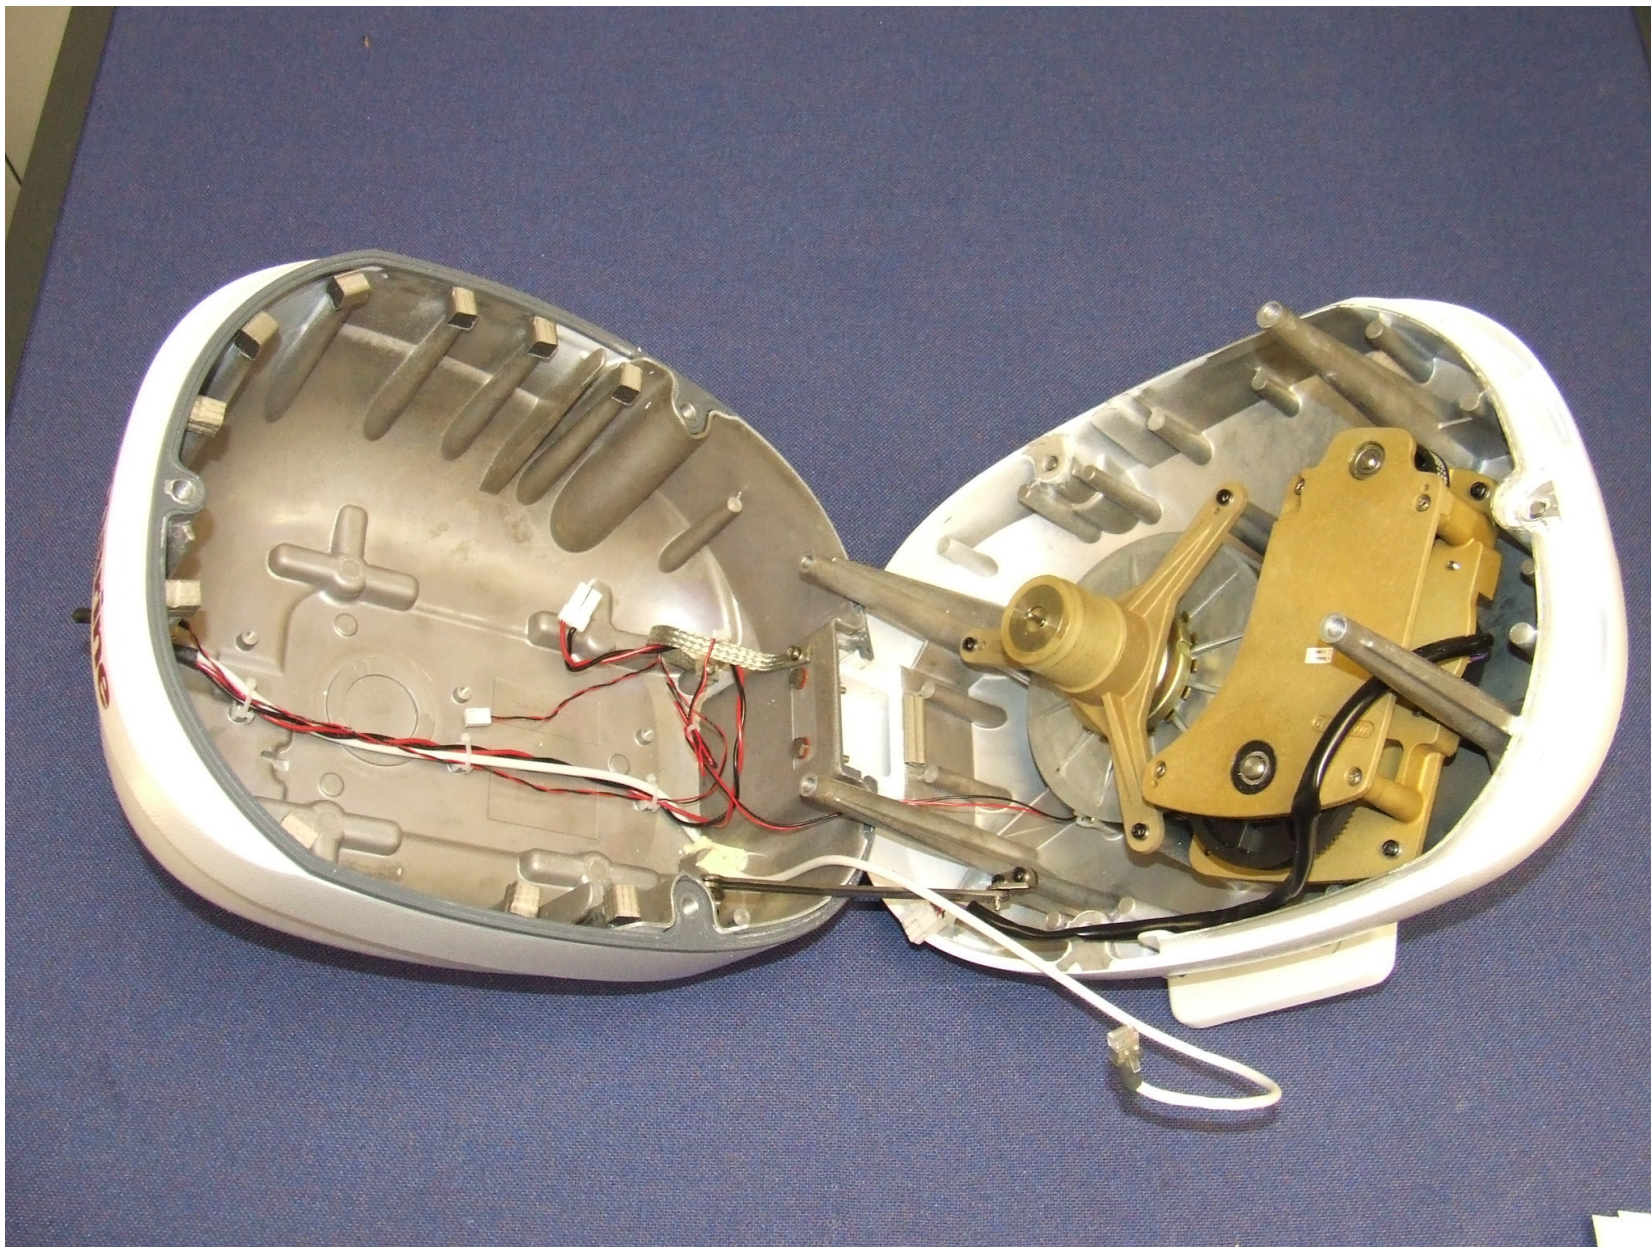

NGS 12kW Digital Open Array Radar Scanner - right-hand view - opened to service position

Interior view 2

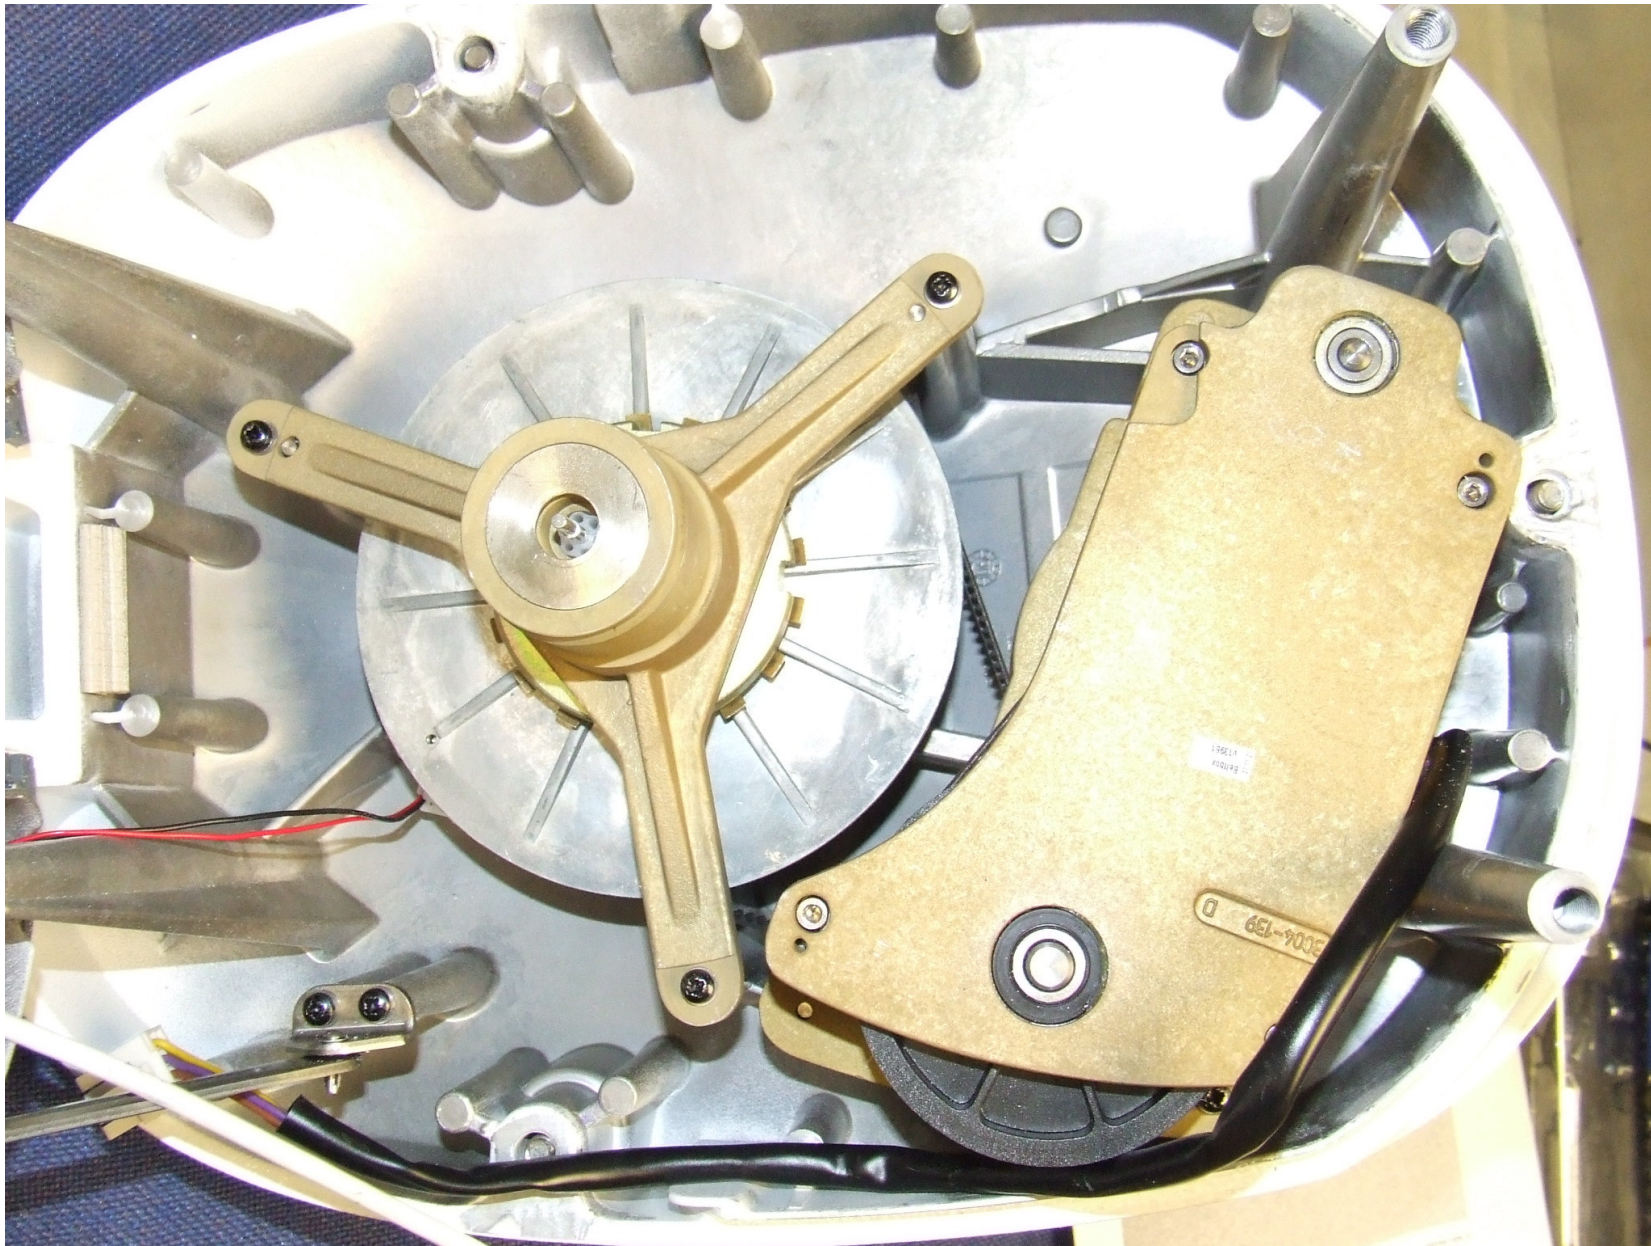

NGS 12kW Digital Open Array Radar Scanner - rear view - opened to service position

Interior view 3

NGS 12kW Digital Open Array Radar Scanner - interior view with radar core removed.

Interior view 4

NGS 12kW Digital Open Array Radar Scanner - view of motor/gearbox assembly and rotating joint.
