

E15026 LifeTag

**PJ5-LTT
IC:4069B-LTT**

(Part of LifeTag Wireless MOB System E12185)

RF Exposure

FCC Rule 15.247(b) requires an rf exposure evaluation to ensure that FCC guidelines on rf exposure limits are not exceeded. The LifeTag complies with these Guidelines and details of the calculations on which compliance is based are given in the Test Report below, which is filed under Exhibits: Test Reports:
