Dear Sir

Subject: Applications for FCC Certificates of Approval for Raymarine a65 WIFI and a67 WIFI multifunction displays

Please find enclosed the FCC application for the following Raymarine Displays. This is intended for use on non-IMO leisure craft and small workboats.

a65 WIFI 6 inch Chartplotter display, Part number E70162

a67 WIFI 6 inch Chartplotter display with fishfinder, Part number E70163

The displays are identical to the existing a65 and a67 displays, with the exception of the Bluetooth device being replaced with a combined WIFI and Bluetooth dedicated module as previously used on the e7, c97, e127 etc displays.

Both displays are identical and have a touchscreen, NMEA2000 and Seatalk^{hs} functionality, the only exception is the a67 WIFI has a built in fishfinder which is mounted on a separate PCB inside the unit.

If you have any queries regarding the application, please contact myself or Paul Pitt on the following:

Andy Little andy.little@raymarine.com 01329 246897
Paul Pitt paul.pitt@raymarine.com 01329 246900

Yours faithfully,

Andrew Little BEng (Hons) CEng MIET MIEEE,
