RE: Change request for Class II Permissive Change

Dear Sir or Madam:

Type of Application:	Class 2 Permissive Change
FCC ID:	PJ5VHFGEN1
Company:	Raymarine, Inc.
Original Product:	Ray218
New Product:	Ray55
Reason for application:	To update original approval to include the Ray55 as a technical variant.
Comment 1:	The differences are that the Ray55 has no loudhailer option and has a smaller LCD display. The Ray55 is an alternate housing of the certified product.
Attestation:	The Ray55 continues to comply with the applicable FCC regulations under which the Ray218 was originally approved. The testing performed and detailed in the accompanying report confirms this continual compliance.

Raymarine
