Limited Modular Approval request Letter

To Whom It May Concern:

We, Shenzhen Neoway Technology Co.,Ltd hereby request limited modular approval for our GPRS Module (Model Name: M660)/FCC ID: PJ7-112X)

This module complies with the Limited modular approval basic requirements in FCC Part15 Subpart C Section 15.212 and clearly explained below:

1. Have its own RF shielding: The shielding of the radio portion can be demonstrated in EXHIBIT B External Photo.

2. The modular transmitter have buffered modulation/data inputs, Buffered data inputs stage has been integrated in chip MT6252

3.The modular transmitter don't have its own power supply regulation, The modular transmitter is to be part of a host device and complies with the applicable certification requirements. The power supply regulation is part of the host device and is in all host devices, technical identically. The module will only be implemented in host devices by the manufacturer!

4. The modular transmitter don't have a unique antenna.

5. Tested in a stand-alone configuration, the modular transmitter has been performed the testing as a stand alone and then confirmed the compliance.

6. Equiped with either a permanently affixed label or must be capable of electronically displaying its FCC Identification number. FCC ID is shown on the label and permanently affixed to this modular transmitter, please refer to the label drawing.

7. Comply with any specific rules or operating requirements that ordinarily apply to a complete transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements. The necessary explanation to be complied with this requirement is contained in the use manual, and please refers to the Use manual.

8. Comply with any applicable RF exposure requirements in its final configuration.
