Dear Ms. Hawkins:

Below please find all of the answers to you're your e-mail reference number 1868.

1. The requested occupied bandwidth at the lower band edge has been uploaded onto the FCC website. This plot is in compliance because it is > 50dB.
2. Yes, the EUT was tested in three orthogonal planes. Sorry about the omission of this statement in our report.
3. The photographs of the PCB with the metal shield removed have been uploaded onto the FCC website.
4. The measurements on page 3 of the test report are peak. Again, sorry about the omission of this statement in our report.

If you have any questions, please feel free to contact me.

Best regards,

Summer M. Hester
