Ref : Application Modular Approval Certification for FCC ID : PJO7902
FCC ID: PJO7902 Title / model : 7902

To whom it may concern:

The following attestation addresses the requirements to support modular approval:

1. This device is designed for mobile or fixed operation; portable operation is subjected to a Class 2 permissive change application or to a new and separate FCC ID.
2. The maximum antenna gain is limited to 2dBi for the 850MHz frequency band and 2dBi in the 1900MHz frequency band, as calculated in the RF exposure exhibit.
3. The product has a FCC ID label on the device itself. Also, the OEM host and product manufacturer will be informed to display a label referring to the enclosed module. The exterior label will read as follows: Contains Transmitter Module FCC ID: PJO7902 or Contains PJO7902.
4. We request to include in the grant the following words in the device description or grant notes: "modular transmitter" or "transmitter module".

If there are any additional questions or if further information is needed, please contact us.
