RX Technical description

Description	Function	Component
Antenna	Receive the RF signal	ANT1
Super-regenerative	Select the RF signal	Q2,Q3 and associated circuit
receiver	(49.860MHz)	
RF IC	Decode the RF signal to	U1
	Motor Driver	
Motor Driver 1	Drive the Motor	U2
Motor Driver 2	Drive the Motor	U3

Type of antenna: Integral antenna
