PER: FCC Class II Permissive change for FCC ID: PKRNVWE760D

Dear Sir/Madam:

Novatel Wireless is submitting two applications simultaneously for Class II Permissive Change to the Mini-PCIE wireless WAN card, model E760 (FCC ID: PKRNVWE760D). The purpose of submitting these platforms together is to avoid the delay when the FCC ID is 'locked out' during the review process. Both of these hosts are scheduled for launch within a few weeks of each other.

Please contact me if you have any questions or need further information regarding this application.

Sincerely,

A handwritten signature in black ink that reads "Todd Gallagher". The signature is fluid and cursive, with the first name "Todd" and last name "Gallagher" clearly legible.

Todd Gallagher
