Re: Class II Permissive Change PKRNVWMC1000

Dear Sir(s):

Please accept this Class II Permissive Change request pursuant to §2.1043(a). The change focuses on defining the use of an external antenna by an end user as a Mobile configuration as it pertains to the device PKRNVWMC1000, in particular the user accessible external antenna port. The original grant defined all use of the product to be portable only.

In support of this definition and demonstration of compliance to the requirements, Novatel Wireless Inc. has submitted a revised Users Manual and an MPE report per §1.1310 (Table 1(b)).

Sincerely,

Jim Turner
