**RE: IPWireless V5 Node B FCCID: PKTNOBVBVS operation using single chip
7.68Mcps**

To Whom It May Concern,

This letter is to confirm that the exhibits provided as part of FCC certification application for FCCID: PKTNOBVBVS cover operation of the equipment using 2 alternate chip rates of 3.84Mcps or 7.68Mcps.

The test sample provided for FCC certification was evaluated using the higher chip rate 7.68Mcps as this chip rate will only be used for this equipment when operational in North America.

Yours Faithfully,

A handwritten signature in black ink, appearing to read 'Peter Warburg', is written over a faded version of the IPWireless logo. The logo text 'IPWireless' is in blue, and 'A NextWave Wireless Company' is in a smaller blue font below it.
