Notes:

1. Label material & adhesive are UL approved. The material specified is compliant with the RoHS Directive alternatives must meet these requirements and be approved by IPWireless.

2. Table 'A' has the field contents that are filled in per model number.

3. SN - Serial Number field is completed at the factory
The specification/structure of the serial number is defined by IPWireless

4. Text print colour BLACK on SILVER background

5. Site field is left blank

6. Additional sheets illustrate the variants

7. Label is purchased blank as shown on sheet 1
& all print is added on demand @ factory

8. Where a unit version has not completed approvals
the approvals area of the label should be left blank and IPWireless to be consulted.

9. The production printed label to be approved by IPWireless

10. The RoHS symbol shall only be applied to product models that have been formerly declared by IPWireless to be RoHS compliant.
