BAR CODE

**LOCATION:** Placed on the inside of the CPE on the right side of the plastic shell.

**LABEL SIZE:** The size will be 1.5" L x 0.625" W. The label will be white or silver with black text. The label will not be removable without leaving a residue. The label will be made of a plastic compound such that it will not tear.

**MODEL NUMBER:** 2600E, 2600U

**PART NUMBER:** Part number of the CPE (i.e. 92-000031-1x)

**S/N NUMBER:** This is the serial number of the unit. The format of the serial number will be: MMY000000 where the M & Y are the month & year the product was manufactured. There will be a 6-digit number after the MMDD that will represent the serial number starting from 000001 to 999999. This 6-digit number will be reset to 000001 at the beginning of each month and will increase sequentially based upon the production of the CPE.

**BAR CODE:** Represent the bar code equivalent of the serial number

**FCC ID #:** PL6-MMDS-CPE-R2
