Dennis,

I have included my responses to this one in the body of Andy's email. This is the one that George Tannahill was going to put in audit mode so that you could change the frequency on the grant.

I uploaded a response to Andy letting him know that the grant will be changed.

Regards,

Tom

Re: FCC ID: PL6-MMDS-CPE-R2

Applicant: Navini Networks, Inc
Correspondence Reference Number: 5039
731 Confirmation Number: TC401382
Date of Original Email: 09/03/2002

Subject: Frequencies

1) It appears that the frequencies listed on the Grant may be incorrect. Verify the frequencies that this device can operate and if necessary correct them on the Grant.

ANSWER: The correct frequency band should be 2596 - 2686 MHz. The grant will be changed as soon as it is placed in audit mode.

2) What was the center frequency of the radiated emissions test?

ANSWER:

The Field Strength of Spurious Emissions test was performed while the unit transmitted full power at 2640 MHz.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal pursuant to Section 2.917(c).

DO NOT Reply to this email by using the Reply button. In order for your response to be processed expeditiously, you must upload your response via the Internet at www.fcc.gov, E-Filing, OET TCB Electronic Filing, TCB Login. If the response is submitted through Add Attachments, a message which informs the processing staff that a new exhibit has been submitted must also be submitted via Submit Correspondence. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
