<b>Date Issued</b>	September 25, 2002

## **EUT Information**

AC Powerline Conducted Emissions testing is not required as the product is battery operated. There are no provisions for connection to the AC Mains. Batteries must be removed and placed in a separate device for recharging.

## **Test Facility**

The measurement facility used to collect the radiated and conducted data is located at

Northwest EMC, Inc.  
22975 NW Evergreen Parkway, Suite 400  
Hillsboro, OR 97124  
(503) 844-4066  
Fax: 844-3826

This site has been fully described in a report filed with the FCC (Federal Communications Commission), and accepted by the FCC in a letter maintained in our files.

## **Laboratory Accreditation**

A2LA has granted accreditation to Northwest EMC, Inc. to perform the Electromagnetic Compatibility (EMC) tests described in the Scope of Accreditation. Assessment performed to ISO/IEC 17025.  
Certificate Number: 1936-01, Certificate Number: 1936-02, Certificate Number 1936-03
