Date: 2014-08-08

Subject: Description of variants of products (FCC ID: **PMLERAP**)

I confirm that the four variants of remote control (FCC IF: PMLERAP) have identical internal circuitry. The schematic is same for all version of remote control. The version P6S has all buttons and versions P1, P1S and P6 have same schematic but without some buttons.

Sincerely,  
By:

Mr. Enrico Campion
