To Whom It May Concern:

**RE: CONFIDENTIALITY REQUEST FOR Cellular CellEnhancer Unit,
Model 813011900, FCC ID# PNQ-C-ENCR-CBS021.**

This letter serves as an official request for confidentiality under FCC Rule Section 0.459. We have requested that the schematics and parts list required to be submitted with this application be withheld from public review. The reason for this request is that the schematics contain confidential business information and/or trade secrets.

Significant effort and resources in research, development, and product design innovation have been invested by Celletra Ltd and would be compromised if the materials for which confidentiality is requested were made available to competitors of Celletra Ltd as a result of this application. Celletra Ltd. has taken precaution measures to ensure that the customers or installers will not gain access to the Active modules internal parts. These include strict NDA agreements and Special Ceramic labels to detect any un-authorized module's service.

Accordingly, Celletra Ltd asks only that these specified items be held confidential after grant in order to maintain a fair and competitive marketplace.

- If questions arise concerning this application, please contact Ram Dishon of Celletra Ltd at +972-54-324951.
(e-mail: rdishon@celletra.com).

Sincerely,

Ram Dishon, Quality Manager,
Celletra Ltd.
