***request for changing of the FCC-ID***

Dear Application Examiner,

We hereby request the change of the FCC-ID from POOWML-C05 to POOWML-C06.

The reason is a change in the Bluetooth protocol software which has no influence on the RF-behaviour. Because of this change, the type designation will be changed from WML-C05 to WML-C06. To be consistent, we want to change the FCC-ID from POOWML-C05 to POOWML-C06.

All former submitted documents using the old FCC-ID remain valid. There are no changes to existing documents, test reports, except the label layout and the confidential letter which will be uploaded separately.

Please contact us if you have any additional questions.

Best Regards

A handwritten signature in blue ink, appearing to read 'T. Lohoff'.
