RE: Inventec Appliances Corporation

FCC ID: POTCX-66

After a review of the submitted information, I have a few comments on the above referenced Application.

Administrative Issues:

- 1) FYI.....Per our discussions yesterday, we understand this application will pursue limited modular approval for mobile applications only. Please note that there will be many limitations placed on the grant. For example, no user installation. It must be integrated internally to equipment and the end user may not be given any information on how to install or remove the device. The device may only be installed by manufacturer or OEM. The device may not be sold to the end user.
- 2) There are other problems with the current users manual. Major will call to discuss.

Timothy R. Johnson
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
