Declaration of Conformity
We the manufacturer
Shenzhen Rapoo Technology Co., Ltd.
For the product
Model No. M520, M520 Pro, M520 Pro Max, M520 Pro Max 2.4G, M520 Pro Max 2.4G Pro, M520 Pro Max 2.4G Pro Max

NOTE:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
The equipment generates and can receive radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/television technician for help.
Changes to specifications are expressly approved by the party responsible for compliance and shall be the user's authority to operate the equipment.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.
FCC Warning
This device complies with Industry Canada's Interference-RS Standard (1). Operation is subject to the following two conditions:
(1) This device may not cause interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation of the device.
L'opérateur s'engage à respecter les conditions de l'industrie canadienne de la norme RS (1). L'opérateur est assujé aux conditions suivantes:
(1) L'appareil ne doit pas produire de brouillage, et
(2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
The equipment complies with CE Marking requirements set forth for an uncontrolled environment.
This transmitter must not be used for operation in conjunction with any other antenna or transmitter.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

CE Marking
www.rapoo.com

Radio Equipment Directive 2014/53/EU
Operating Frequency Band 2400 - 2479MHz
Maximum Radio Frequency Power Transmitted 0.01W
Disposal
The symbol above and on the product means that the product is classified as Electrical or Electronic equipment and should not be disposed with other household or commercial waste at the end of its useful life.
