**NOTE**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can release radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference in radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference in radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

增加设备与接收器之间的距离；  
重新定位接收器；  
改变接收器的极化；  
关闭附近的设备；  
使用不同的电源线；  
咨询经销商或有经验的无线电技术人员帮助。

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) this device does not cause harmful interference, and  
(2) this device must accept any interference received, including interference that may cause undesired operation.
