KEYS DESCRIPTIONS

The following list correlates to the previous page's phone illustration.

- 1. Earpiece:** The earpiece allows you to hear the other caller.
- 2. Main Display Screen:** Displays all the information needed to operate your phone.
- 3. [] Directional Key:** The Directional Key allows you to scroll through phone menu options and provides a shortcut to phone functions from standby mode. For more information on personalizing set shortcut keys, see "Set Shortcuts" on page 76.
- 4. [] Left Soft Key:** Press to display the Message menu or access the function listed above the key.
- 5. [] Mobile Email Key:** A short / Long press Mobile Email key shall launch Mobile Email application screen when in idle mode.
- 6. [] SEND Key:** Press to make or receive a call. In standby mode, press to access your All Calls list.
- 7. [] Voicemail Key:** Press and hold to automatically dial your voicemail system.
- 8. [] International Dial Key:** Press and hold to enter a plus "+". A "+" is reserved for international dialing.
- 9. Microphone:** Allows the other caller to hear you clearly when you are speaking to them.
- 10. [] Vibrate Mode Key:** Press and hold to place your device in Vibrate mode.
- 11. [] CLR Key:** When entering a phone number or text, press to delete a single space or character. Press and hold to delete entire words. Press this key once in a menu to go back one level.
- 12. [] END/PWR Key:** Press to turn the phone on/off, end a call or browser session, and/or return to idle mode.
- 13. [] VZ Navigator Key:** A short / Long press VZ Navigator key shall launch VZ Navigator application screen when in idle mode.

- 14. [] Right Soft Key:** Press to display Contacts or to access the function listed above the key.
- 15. [] Menu/OK Key:** Allows you to access the menu screen. It also allows you to accept choices when navigating through a menu.
- 16. Front Display Screen:** This screen displays incoming calls, messages, signal, battery strength, time, day and date.
- 17. [] Music Key:** In idle mode, press to activate the Music player.
- 18. External Speaker:** PTT, Music, Ringtones, and Sounds are played through the speaker.
- 19. Wrist Strap Eyelet:** Accessory eyelet (optional straps and lanyards - purchased separately).
- 20. Charging / Data Jack:** Plug in the Wall Charger or USB Cable here.
- 21. [] PTT Key:** Press and hold to talk Push to Talk (PTT) when the phone is in PTT mode.
- 22. [] Volume Keys:** Allows you to adjust the master volume in standby mode or adjust the voice volume during a call.
- 23. Camera Lens:** The lens of your built-in camera.
- 24. Headset Jack:** Plug in the Headset Connector here to use a headset.
- 25. [] AVR Key:** In idle mode, press to activate VoiceSignal™.
- 26. [] Camera Key:** Press to access Camera Viewfinder mode.
- 27. [] Speakerphone Key:** Press to turn Speakerphone On or Off.
- 28. microSD Card Slot:** Insert a microSD™ memory card here to increase memory capacity.

DISPLAY INDICATORS

Icon	Icon Descriptions
	D Signal Strength: CDMA 95 service available.
	EV Signal Strength: EV service is available.
	1X Signal Strength: 1X service is available.
	EV/1X Signal Strength: EV/1X service is available.
	EV/D Signal Strength: EV/Digital service is available.
	Airplane Mode: Transmitting and receiving information is restricted.
	Roaming: The phone is outside of the home service area.
	SSL (Secured Socket Layer): Indicates that secure communication between client and server has been established during data communication using encryption.
	Voice Privacy: Indicates Voice Privacy mode is active.
	Data Call: Data Session is in progress.

Icon	Icon Descriptions
	Dormant: Phone is in a dormant state during a data call. Phone reverts to Dormant mode when there hasn't been activity on a page for some time — the connection is still active and you can make and receive calls.
	No Service: Phone cannot receive a signal from the system.
	TTY: TTY mode is active.
	Voice Call: A call is in progress. * No icon indicates the phone is in standby mode.
	GPS Icon: Location Service of your phone is E911/Location On.
	Bluetooth: Indicates Bluetooth mode.
	Bluetooth Active: Indicates Bluetooth Active mode.
	Bluetooth Connected: Indicates a Bluetooth Device is connected.

Icon	Icon Descriptions
	Battery Level: Battery charging level — the more blocks, the stronger the charge.
	AVR Active: AVR mode is active.
	AVR Listening: Indicates AVR listening.
	Alarm Only: Phone will alert you with an alarm tone.
	All Sounds Off: Ringer volume is set to off.
	Vibrate Only: Phone will vibrate when call is received.
	Speakerphone: Speakerphone mode is active.
	Missed Calls: Indicates you have missed calls.
	Message: Indicates you have new message.
	Calendar Appointment: Event Alarm is active.

Icon	Icon Descriptions
	Voicemail: Indicates you have voicemail messages.
	Alarm On: Appears when an alarm is set.
	PTT User Online: Appears when PTT User Online.
	PTT User Offline: Appears when PTT User Offline.
	PTT Group Online: Appears when PTT Group Online.
	PTT Group Offline: Appears when PTT Group Offline.

	Multiple Failed Messages		Multiple Pending Message
	Multiple Incomplete Message		Multiple Acknowledged SMS/MMS

INSTALL BATTERY

1. Remove the battery cover from the unit.

2. Slide the battery into the slot located at the bottom of the unit and press down.

3. Slide the battery cover back onto the unit.

REMOVE BATTERY

1. To remove the battery, push down on the top of the battery while inserting your finger into the slot and pulling up from the back of the battery and slide it out.

2. Align the cover tabs with the slots at the back of the device and slide the battery cover top onto the unit.

 If the battery is not correctly placed in the compartment, the handset will not turn on and/or the battery may detach during use.

CHARGING YOUR BATTERY

1. To charge the phone, open the Charging/Data Jack cover on the Left Side of the phone, and connect the charger adapter. Plug the other end into a standard outlet.

2. To remove the adapter connection, squeeze the adapter's side buttons (1) and pull.

- When you charge the battery with the phone power off, you will see a charging status screen. You cannot operate the phone until it is powered on.
- The battery is not fully charged at the time of purchase. Fully charge the battery before use.
- It is more efficient to charge the battery with the handset powered off.
- Battery operating time gradually decreases over time.
- If the battery fails to perform normally, you may need to replace the battery.

BATTERY HANDLING INFORMATION

DO'S

- Only use the battery and charger approved for use with the CDM8975.
- Only use the battery for its original purpose.
- Try to keep batteries in a temperature between 41 °F (5 °C) and 95 °F (35 °C). If the battery is stored in temperatures above or below the recommended range, give it time to warm up or cool down before using.
- Completely drain the battery before recharging.
- Store the discharged battery in a cool, dark, and dry place.
- Purchase a new battery when its operating time gradually decreases after fully charging.
- Properly dispose of the battery according to local laws.

DON'TS

- Don't attempt to disassemble the battery – it is a sealed unit with no service-able parts.
- Don't accidentally short circuit the battery by carrying it in your pocket or purse with other metallic objects such as coins, clips and pens. This may critically damage the battery.
- Don't leave the battery in extremely hot or cold temperatures. Otherwise, it could significantly reduce the capacity and lifetime of the battery.
- Don't dispose of the battery by placing into a fire.

BASIC OPERATION

This chapter addresses and explains the basic features of your phone including:

Turning the phone on/off	Call waiting function
Accessing the menu	Calling a number from contacts
Menu summary	Adjusting volume
Making a call	Adjusting the call volume
Answering calls	Caller ID function
Missed call notification	Vibrate on/off mode
Wait/Pause feature	Speakerphone mode
Answering a call	Music player
Making an international call	Available options during a call
3-way calling	Making an emergency call

TURNING THE PHONE ON/OFF

TURNING THE PHONE ON

1. Press and hold the END Key  until your display turns on and the tone sounds.

- If "Enter Lock Code" appears on the display, enter your 4-digit lock code to unlock your phone.
- The default lock code is the last 4 digits of your Mobile Telephone Number.

TURNING THE PHONE OFF

1. Press and hold the END Key  until your display turns off.

- Immediately change or recharge the battery when "BATTERY LOW" appears on the display. Memory may possibly be damaged if the phone turns off due to the battery completely draining.
- Turn the phone off before removing or replacing the battery. If the phone is on, unsaved data may be lost.

ACCESSING THE MENU

Your phone can be customized via the menu. Each function can be accessed by scrolling with the Directional Key  or by pressing the number that corresponds with the menu item.

1. To access the menu in idle mode, press the OK Key  [MENU].
2. To scroll through the menu, press the Directional Key  up, down, left or right.
3. To return to the previous page, press the CLR Key . To exit the current menu and return to the idle mode, press the END Key .
4. In idle mode, press the Left Soft Key  [Message] to open the Messaging menu. Or, press the Right Soft Key  [Contacts] to open your Contacts list.

- All directions in this manual are based on the **Tab Main Menu Setting**, and **Classic Display Theme**. If you have changed either of these settings, the directions may vary.

MAKING A CALL

- From standby mode enter the phone number (include the area code if needed). Press the SEND Key .

- To erase one digit at a time press the CLR Key .
- To erase the entire number, press and hold the CLR Key .
- When you place or receive a call from phone numbers stored in your contact list with a contact name, the name will be displayed.

- To end a call, press the END Key .

- If you activate the "AUTO RETRY" function, the phone will automatically re-dial the number (Refer to page 83).
- You can also place calls using Voice-Activated Dialing. Please refer to page 90 for more details.

ANSWERING CALLS

- When your phone rings or vibrates, press the SEND Key  to answer the incoming call. (Depending on your phone's settings, you may also answer incoming calls by opening the phone or by pressing any key.)
- To ignore incoming calls, press the Right Soft Key  [Ignore].
- To end a call, press the END Key .

- In "Auto w/ Hands-free" a call is automatically answered after a preset number of ring tones (Refer to page 83).

MISSED CALL NOTIFICATION

When an incoming call is not answered, the Missed Call icon appears on the display.

TO DISPLAY THE MISSED CALL ENTRY FROM THE NOTIFICATION SCREEN:

1. Highlight the entry "View Now" and press the OK Key .
2. To dial the phone number, press the SEND Key .

TO DISPLAY A MISSED CALL ENTRY FROM STANDBY MODE:

1. From standby mode, press the OK Key  [MENU], then press the Directional Key  right once for the "RECENT CALLS" menu.
2. Press "1. Missed".
3. Highlight the entry you wish to view, then press the OK Key  [OPEN].
4. To dial the phone number, press the SEND Key .

WAIT/PAUSE FEATURE

Pauses are used for automated systems (i.e., voice mail or calling cards). Insert a pause after a phone number and then enter another group of numbers. The second set of numbers is dialed automatically after the pause. This feature is useful for dialing into systems that require a code.

Wait (W)

The phone stops dialing until you press the Left Soft Key  [Release] to advance to the next number.

2-Sec Pause

The phone waits 2 seconds before sending the next string of digits automatically.

1. From standby mode enter the phone number.
2. Press the Right Soft Key  [Options].
3. Press the Directional Key  up or down to select pause type, then the OK Key  [OK]. "2-Sec Pause/Wait".
4. Enter additional number(s) (pin number or credit card number).
5. Press the SEND Key  to dial or the Left Soft Key  [Save].

ANSWERING A CALL

1. If your phone is set to "Flip Open" for "Answer Options," simply open the phone to answer a call. If your phone is set to "Any Key" for "Answer Options," press any key to answer a call. If your phone is set to "Auto w/ Hands-free" for "Answer Options," calls are answered automatically with a 5 second delay. ("Auto w/ Hands-free" is available only when connected to a headset or hands-free device.) For information on how to set your Answer Options, see page 83.
2. To end the call, press the END Key .

MAKING AN INTERNATIONAL CALL

1. From standby mode, press and hold the * Key . The "+" required for international calls will be displayed.
2. Enter the country code, area code, and phone number, then press the SEND Key .
3. To end the call, press the END Key .

3-WAY CALLING

With 3-Way Calling, you can talk to two people at the same time. When using this feature, the normal airtime rates will be applied for each of the two calls.

1. From standby mode, enter the phone number you wish to call and then press the SEND Key .
2. Once you have established the connection, enter the second phone number you wish to call and then press the SEND Key  again.
3. When you're connected to the second party, press the SEND Key  again to begin your 3-Way call.

If one of the people you called hangs up during your call, you and the remaining caller stay connected. If you initiated the call and are the first to hang up, all three CALLS are disconnected.

CALL WAITING FUNCTION

If you are on a call and you receive another incoming call, you will hear two beeps and the caller's phone number will appear on the display. With Call Waiting, you may put the active call on hold while you answer the other incoming call. To use Call Waiting:

1. To answer another call while on the phone, press the SEND Key . This places the first call on hold. To switch back to the first caller, press the SEND Key again.

CALLING A NUMBER FROM CONTACTS

1. From standby mode, press the Right Soft Key [Contacts].
2. Press the Directional Key up or down to select the Contact entry then press the OK Key [VIEW].
3. Press the Directional Key up or down to select the phone number.
4. Press the SEND Key to place the call.

Pressing the Directional Key up or down to select the "Contact entry" and then pressing the Send Key will dial the Default Number of the Contact entry automatically. If multiple numbers are saved in the "Contact entry", press the Directional Key up or down to select the "Contact entry" and then press the Directional Key left or right to select the number you want to dial. Then press the Send Key .

ADJUSTING VOLUME

To adjust the master volume:

1. From standby mode, press the Volume Keys up or down.
2. Select one of the following options and press the OK Key [SET] to save it.
 - All Sounds Off
 - Alarm Only
 - Vibrate Only
 - Low / • Medium Low / • Medium / • Medium High / • High

• Press the Volume Keys up or down to adjust Earpiece volume during a call.
• To play a ringtone, press the Left Soft Key [Play].

ADJUSTING THE CALL VOLUME

During a call, if you want to adjust the earpiece volume, press the Volume Keys up or down. Press the Volume Keys up to increase the volume level and the Volume Keys down to decrease the level. In Idle mode, you can also adjust the ringer volume by following the same steps.

CALLER ID FUNCTION

Caller ID displays the number of the person calling when your phone rings. If the caller's identity is stored in Contacts, the name appears on the screen. The caller ID is stored in the Recent Calls Menu.

VIBRATE ON/OFF MODE

Vibrate Mode mutes key tones and activates an alert for an incoming call or message. To activate Vibrate Mode:

1. From the idle screen, press and hold the # Key .
2. To return to a "Medium High" volume, from the idle screen press and hold the # Key again.

SPEAKERPHONE MODE

The Speakerphone feature lets you hear audio through the speaker and talk without holding the phone.

To activate the Speakerphone in idle mode or while on a call, press the Speakerphone Key . If you press the Speakerphone Key when you are not on a call, Speakerphone mode will be active for one minute, then turn itself off automatically.

MUSIC PLAYER

Music Player is for playing MP3 files saved on the microSD card. To display the music list with the phone closed, press and hold , select a music file by pressing / , then press [PLAY]. Press [PAUSE] to stop the music player while it is playing with shell closed, if the shell is opened, press the END Key .

AVAILABLE OPTIONS DURING A CALL

During a phone call, you can access the following features by pressing the Right Soft Key [Options]:

MESSAGING

To access the Messaging Menu during a call:

1. Press the Right Soft Key [Options], then press "1. Messaging".

CONTACT LIST

To view your Contact List during a call:

1. Press the Right Soft Key [Options], then press "2. Contact List".

RECENT CALLS

To view your Recent Calls list during a call:

1. Press the Right Soft Key  [Options], then press "3. Recent Calls".

BLUETOOTH MENU

To access the Bluetooth Menu during a call:

1. Press the Right Soft Key  [Options], then press "4. Bluetooth Menu".

 If an Audio device is connected, "Audio To Phone/Audio To Device" is displayed in the options menu instead of "Bluetooth Menu".

MAIN MENU

To access the Main Menu during a call:

1. Press the Right Soft Key  [Options], then press "5. Main Menu".
2. Press the Directional Key  up, down, left or right to scroll through the menu screens.

NOTEPAD

To compose and send notes during a call:

1. Press the Right Soft Key  [Options], then press "6. Notepad".

MAKING AN EMERGENCY CALL

The 911 feature automatically places the phone in Emergency Call Mode when you dial the preprogrammed emergency number, 911. It also operates in Lock Mode and out of the service area.

911 IN LOCK MODE

To make an emergency call in Lock Mode:

1. From standby mode, enter "911" and then press the SEND Key .
2. The call connects.
3. The phone maintains Emergency Mode for 5 minutes. When the call ends, the phone returns to Lock Mode.

911 USING ANY AVAILABLE SYSTEM

To make an Emergency Call using any available system:

1. From standby mode, enter "911" and then press the SEND Key .
2. The call connects.
3. The phone will stay in Emergency Mode for 5 minutes. While the phone is in the Emergency Mode for 5 minutes, the phone can receive an incoming call from any available system or you can make outgoing calls even in the Emergency Callback Mode.

In this case, making a call can automatically end the Emergency Callback Mode.

 The 911 call does not appear in the recent call list.

PUSH TO TALK

The Push to Talk (PTT) feature on your Verizon Wireless CDM8975 phone allows you to use your phone like a walkie-talkie to communicate with an individual or group of individuals who are also Verizon Wireless Push to Talk subscribers. Simply select a contact, then press and hold your phone's Push to Talk (PTT) Key to talk. On a PTT call, only one person can talk at a time. Once you have finished talking, release the PTT Key and listen for the other party to reply.

- PTT on/off mode
- PTT call types
- Storing a PTT number
- Making a PTT call
- Incoming PTT call
- PTT contacts

PTT ON/OFF MODE

You can disable the PTT feature on your phone so that it will not be able to receive or send PTT calls or alerts.

1. From standby mode, press the OK Key  [MENU], the Directional Key  right twice for **SETTINGS & TOOLS**, and press **7. Call Settings, 7. PTT Mode**.
2. Press the Directional Key  up or down to select **"On/Off"**, then press the OK Key  [OK].

PTT CALL TYPES

You can make two types of PTT calls:

Barge Call

A barge call automatically connects to the other party. The receiving party does not have the option to ignore the call.

Alert Call

An alert call sends the receiving party a tone indicating that someone wants to talk with them. The call recipient has the option to either answer or ignore the call.

STORING A PTT NUMBER

1. From standby mode, enter the PTT number you want to save.
2. Press the Right Soft Key  [Options].
3. Press the Directional Key  up or down to select **"Save to Contacts"**, then press the OK Key  [OK].
4. Press the Directional Key  up or down to select **"Add New PTT Contact"**, then press the OK Key  [OK].
5. Enter a name for the phone number (up to 32 characters), then press the OK Key  [SAVE].
6. The phone will connect to the network and update Contact information. A confirmation message will appear on the display when the transaction is complete.

MAKING A PTT CALL

CALL FROM PTT CONTACT LIST (BARGE)

1. From standby mode, press and hold the PTT Key  to access your **"PTT Contact List"**.
2. Press the Directional Key  up or down to highlight the PTT Contact entry you wish to call.

3. Press and hold the PTT Key . Listen for the "OK to Talk" tone. The message **"Connected to"** will appear on the display. Speak while pressing the PTT Key .
4. Release PTT Key  when finished speaking. This allows the called party to reply.
5. Press the END Key  to end the call.

CALL FROM PTT CONTACT LIST (ALERT)

You can send an alert to any individual user with Verizon Wireless PTT service. The user may answer or ignore the alert:

1. From standby mode, press and hold the PTT Key  to access your **"PTT Contact List"**.
2. Press the Directional Key  up or down to highlight the PTT Contact entry you wish to call.
3. Press the Left Soft Key  [Alert].
4. Press and release the PTT Key  to alert the selected individual. The **"PTT Outgoing Alert"** tone sounds, and **"Alerting"** appears on the display.
5. If the called party answers the alert, **"Listening"** appears on the display and you will hear the called party speaking.

If the called party chooses to ignore the alert, or if the phone is unavailable to accept a PTT call, an **"unavailable"** message will appear on your display.

6. When the called party is finished speaking, you will hear the **"Floor Available"** tone and the **"Connected"** screen will appear on your display.
7. Press to hold the PTT Key  and talk.
8. Release the PTT Key  when finished speaking. This allows the called party to reply.
9. Press the END Key  to end the call.

CALL FROM KEYPAD (BARGE)

1. Enter the 10-digit wireless number of the Verizon Wireless PTT subscriber you wish to contact.
2. Press and hold PTT Key . Listen for the "OK to Talk" tone. The message **"Connected to"** will appear on the display. Speak while pressing the PTT Key . If the wireless number you entered is included in your PTT contact list, the contact name will replace the wireless number entered on the display when the call is initiated.

3. Release the PTT Key  when finished speaking. This allows the called party to reply.
4. Press the END Key  to end the call.

CALL FROM KEYPAD (ALERT)

You can send an alert to any individual user with Verizon Wireless PTT service. The user may answer or ignore the alert:

1. Enter the 10-digit wireless number of the Verizon Wireless PTT subscriber you wish to alert.
2. Press the Left Soft Key  [Alert].
3. Press and release the PTT Key  to alert the individual. The “PTT Outgoing Alert” tone sounds, and “Alerting” appears on the display. If the wireless number you entered is included in your PTT contact list, the contact name will replace the wireless number entered on the display when the alert is initiated.
4. If the called party answers the alert, “Listening” appears on the display and you will hear the called party speaking. If the called party chooses to ignore the alert, or if the phone is unavailable to accept a PTT call, an “unavailable” message will appear on your display.

5. When the called party is finished speaking, you will hear the “Floor Available” tone and the “Connected” screen will appear on your display.
6. Press and hold the PTT Key  to talk.
7. Release the PTT Key  to listen.
8. Press the END Key  to end the call.

INCOMING PTT CALL

INCOMING PTT (BARGE)

1. When your phone receives a barge call, the “Barge” tone plays. You then hear the calling party speaking through the speakerphone. The calling party’s wireless number will appear on your display. If the calling party’s number is saved in your PTT Contact List the contact name will replace the wireless number on the display.
2. Press and hold the PTT Key  to talk.
3. Release the PTT Key  to let another party talk.
4. Press the END Key  to end the call.

INCOMING PTT (ALERT)

1. When your phone receives an alert, the “PTT Alert” tone plays. The message “Incoming Alert” is displayed with the phone number or contact name of the calling party. The PTT Alert tone repeats every 5 seconds until it is answered or ignored. If you do not answer an incoming alert within 20 seconds, the PTT call will be automatically disconnected.
2. Answer or ignore the alert:
To answer the alert, press and hold the PTT Key and begin talking.
To ignore the alert, press the Right Soft Key  [Ignore].
3. Release the PTT Key  to let another party talk.
4. Press the END Key  to end the call.

2. Press the Left Soft Key  [Save].
3. Press the Directional Key  up or down to highlight "Update Existing", then press the OK Key  [OK].
4. Press the Directional Key  up or down to highlight the existing Contact entry, then press the OK Key  [OK].
5. Press the Directional Key  up or down to highlight the phone number type, then press the OK Key  [OK].
Mobile 1/Mobile 2/Home/Work/Fax
6. If a phone number is already assigned to the item you selected, press the Directional Key  up or down to select "Yes" or "No", then press the OK Key  [OK].
7. "CONTACT SAVED" displays, then the phone number reappears on the screen. Press the End Key  to exit, or press the SEND Key  to call the number.

ADDING A PHONE NUMBER FROM THE CONTACT LIST SCREEN

1. From standby mode, press the Right Soft Key  [Contacts]. Your Contacts display alphabetically.
2. Press the Directional Key  up or down to highlight the Contact entry you want to edit, then press the Left Soft Key  [Edit].
3. Press the Directional Key  up or down to highlight the phone number field you want to add, enter the number, then press the OK Key  [SAVE] to save. A confirmation message appears.

DEFAULT NUMBERS

The phone number saved when a Contact is created is the Default Number. If more than one number is saved in a Contact entry, another number can be set as the Default Number.

The Default Number cannot be deleted. The entire Contact entry can be deleted or another number can be assigned as the Default Number allowing you to delete the original number and keep the Contact entry.

CHANGING THE DEFAULT NUMBER

1. From standby mode, press the Right Soft Key  [Contacts]. Your Contacts display alphabetically.

2. Press the Directional Key  up or down to highlight the Contact entry you want to edit, then press the Left Soft Key  [Edit].
3. Press the Directional Key  up or down to highlight the phone number you want to assign as the Default Number, then press the Right Soft Key  [Options].
4. Press the Directional Key  up or down to highlight "2. Set As Default", then press the OK Key  [OK].
5. Press the Directional Key  up or down to select "Yes".
6. Press the OK Key  [OK]. A confirmation message appears.
7. Press the OK Key  [SAVE] to save.

EDITING STORED PHONE NUMBERS

1. From standby mode, press the Right Soft Key  [Contacts]. Your Contacts display alphabetically.
2. Press the Directional Key  up or down to highlight the Contact entry you want to edit, then press the Left Soft Key  [Edit].
3. Press the Directional Key  up or down to highlight the phone number.

4. Edit the phone number as necessary, then press the OK Key  [SAVE].

EDITING STORED NAMES

1. From standby mode, press the Right Soft Key  [Contacts]. Your Contacts display alphabetically.
2. Press the Directional Key  up or down to highlight the Contact entry you want to edit, then press the Left Soft Key  [Edit].
3. Edit the name as necessary, then press the OK Key  [SAVE].

DELETING

DELETING A PHONE NUMBER FROM A CONTACT

1. From standby mode, press the Right Soft Key  [Contacts].
2. Press the Directional Key  up or down to highlight the Contact entry, then press the Left Soft Key  [Edit].
3. Press the Directional Key  up or down to highlight the phone number to be deleted.
4. Press and hold the Clear Key  to delete the number.

5. Press the OK Key  [SAVE]. A confirmation message appears.

DELETING A CONTACT ENTRY

1. From standby mode, press the Right Soft Key  [Contacts].
2. Press the Directional Key  up or down to highlight the Contact entry to be deleted.
3. Press the Right Soft Key  [Options].
4. Press "2. Erase".
5. Press the Directional Key  up or down to select "Yes".
6. Press the OK Key  [OK]. A confirmation message appears.

DELETING A SPEED DIAL

1. From standby mode, press the OK Key  [MENU].
2. Press the Directional Key  up or down to highlight "4. Speed Dials", then press the OK Key  [OK].
3. Press the Directional Key  up or down to highlight the Speed Dial number.
4. Press the Right Soft Key  [Remove].

5. Press the Directional Key  up or down to select "Yes".
6. Press the OK Key  [OK]. A confirmation message appears.

ENTERING LETTERS, NUMBERS & SYMBOLS

The input mode (Alpha editor) will automatically be activated when necessary to enter letters and numbers. As shown below, there are 5 available modes; Standard input mode (Abc)/(ABC), Input mode (Word), Numeric mode (123) and Symbol mode (Symbols). The input mode indicator appears on the upper right of the display when letters and numbers are entered.

Key	Key Functions
	Abc: Press to change mode. [Word][Abc][ABC][123][Symbols]
	Next: Press to view the next matching word if the highlighted word is not the word you intended.
	Space: Press to accept a word and add a space.
	Caps Lock: Press to select a letter case of the standard text input or text input mode. [Abc], [ABC] and [abc] indicate the standard text input. [Word], [WORD] and [word] indicate the predictive text input.
	Clear: Press to delete a character to the left of the cursor.
	Send: Send the letters and numbers you enter.

STANDARD INPUT MODE

Use the digit keys to enter letters, numbers and characters.

- Enter letters using the key pad as follows:

KEYPAD	1 Time	2 Times	3 Times	4 Times	5 Times
Press Key	A	B	C	2	A
Press Key	D	E	F	3	D
Press Key	G	H	I	4	G
Press Key	J	K	L	5	J
Press Key	M	N	O	6	M
Press Key	P	Q	R	7	P
Press Key	T	U	V	8	T
Press Key	W	X	Y	9	W

- To change the input mode, press the Left Soft Key [Abc]. When entering special character such as . @ ? ! - , & : ' / 1, press Key repeatedly.
- To enter a space, press Key. The cursor will automatically move to the next column.

- Repeat until letters are entered. There is a 160-letter limit.
- To delete one digit, press the Clear Key . To delete the entire entry, press and hold the Clear Key .
- To change from lowercase to uppercase, press Key.

For Example:

To enter the name "John":

Press [, , ,] J
 Press [, , ,] o
 Press [, , ,] h
 Press [, , ,] n

WORD INPUT MODE

The input mode incorporates a built-in-dictionary to determine a word based on the entered characters. A word can be entered more quickly by pressing a key once per character.

- Select the Word mode by pressing Left Soft Key [Abc].
- Press a digit key once to enter the character you want and then enter all the characters to input the word you want.
- To view the next matching word, press Key.
- To accept the matching word, enter a space and then press Key.

For Example:

To enter "Hello bill" in the input mode.

- After you enter the 1st letter, press Left Soft Key [Abc] to select input mode and to choose the lower case (Word).
- Press , , , , and you will see "Hello" highlighted. Press to select it.
- Press , , , until you see "bill" highlighted.

NUMERIC MODE

Allows you to enter numbers.

- Press Left Soft Key [Abc], scroll down to "123" then press the OK Key to change to Numeric Mode.
- To enter a number, press a digit key.

SYMBOL MODE

Allows you to enter symbols.

- Press Left Soft Key [Abc], scroll down to "Symbols" then press the OK Key to change to Symbol Mode.
- Select the symbol you want to enter by pressing the Directional Key up or down.
- Press the Directional Key up or down to view a different line of Symbols.

ONE, TWO, THREE-TOUCH DIALING

Ideal for frequently dialed numbers, this feature allows contact entries to be dialed via the keypad with only one, two, or three key presses.

ONE-TOUCH DIALING:

1-9 : Press and hold the number you wish to connect to for more than 1 second.

TWO-TOUCH DIALING:

10-21 : Press the first digit and press and hold the second digit of the number to dial.

96, 97, 98, and 99 : Speed Dial entries **96(#DATA)**, **97(#BAL)**, **98(#MIN)**, and **99(#PMT)** are already assigned to Verizon Wireless Account Information.

- **#DATA** is a VZW Customer Service VRU number (Free call) that provides customers information about their Verizon Wireless billing balance.
- **#BAL** is a VZW Customer Service VRU number (Free call) that provides customers information about their Verizon Wireless billing balance.
- **#MIN** is a VZW Customer Service VRU number (Free call) that provides customers information about their Verizon Wireless usage.

- **#PMT** is a VZW Customer Service VRU number (Free call) that allows a user to make a bill payment, either with a payment option they have already set up, or using a new, one time payment option.

THREE-TOUCH DIALING:

Press the first and second digits then press and hold the third digit of the number to dial.

411 : Speed Dial entry **411 (Directory Assistance)** is already assigned to Directory Assistance.

- **Directory Assistance** is a VZW Wireless Directory Assistance service that provides directory listing database information.

MENU FUNCTION

This chapter addresses accessing the menu and using its functions and features to customize your phone.
