

Date: November 2, 2010

We, Atheros Communications, Inc., declare the device of FCC ID: PPD-AR5BHB112, Model Name: AR5BHB112, doesn't have ad hoc function on "non-US frequencies"; in non-associated mode, that software and associated drivers will not initiate any transmission on DFS frequencies and the device does not support radar detection capability. This includes transmissions for beacon ad-hoc peer-to-peer modes.

Should you have any questions or comments regarding this matter, please have my best attention.

Sincerely yours,
