

Federal Communications Commission
7435 Oakland Mills Road
Columbia MD 21046

Date: April 21, 2004

Subject: Request the Commissions to dismiss the pending application

Reference: Applicant: Atheros Communications Corp.
FCC ID: PPD-AR5BMB-00044
Confirmation#: EA652728 (DTS), EA170168 (UNII)
Application Dated: April 14, 2004

To Whom It May Concern:

Compliance Certification Services is the authorized agent on behalf of Atheros Communications Corp. for submitting FCC ID:PPD-AR5BMB-00044 for FCC Grant of Equipment Authorization. We are requesting the Commission to dismiss above reference application.

The device contains in above mentioned applications is a 802.11 a/b/g mini-PCI card.
The operating frequency bands used are :

DTS : 2412-2462 MHz Per section 15.247 requirement with direct sequence modulation
DTS : 2412-2462 MHz Per section 15.247 requirements with OFDM modulation
DTS : 5745-5825 MHz Per section 15.247 requirements with OFDM modulation
UNII :5180-5320 MHz Per section 15.407 requirements with OFDM modulation
UNII: 5500-5700 MHz Per section 15.407 requirements with OFDM modulation.

Since the device contains new 5500- 5700 MHz band which has DFS requirement and this application can only be reviewed by the Commission, so the original applications were filed to the Commission.

Compliance Certification Services has received instructions from the applicant, the applicant would like to delete UNII:5500- 5700MHz band from the application and transfer this application to Compliance Certification Services – TCB for review. After the TCB review, the applicant will file Class II permissive change to include UNII:5500-5700MHz with DFS test requirements.

If you have any question, please feel free to contact the undersigned.

Best Regards

Compliance Certification Services
