Re: EUT Description provided on Submission

To Whom It May Concern:

Since this application was done several days ago, the client has changed their EUT description. The test reports that are submitted contain the correct EUT Description, but the 731 has an incorrect EUT Description. Can you please correct the EUT Description to be: **802.11a/b/g/n PCI Module** .

Thank you very much for your kind assistance in this matter.

Best regards,
