Dear Examiner:

We request the following portions of our application be withheld from public inspection as provided under FCC section 0.459:

Block Diagram & Theory of Operation

These documents contain details of the proprietary operation of the product not readily discernible - even to technically sophisticated individuals - from our hardware and constitute trade secrets.

It is our understanding that all other attachments must be made available for public review once the grant of equipment authorization is issued.

Sincerely,

Michael Green
Manager of Global Product Compliance
