

2012/8/27

To whom it may concern:

We, the undersigned, attest that this device does support "TPC" Transmit Power Control in the 5 GHz UNII bands.

The software and associated drivers to support TPC are built into the device firmware, with no mechanism to disable or turn off TPC.

This authorization is limited to the following products :

**Model name : QCSWB282**

**FCC ID: PPD-QCSWB282**

**IC : 4104A-QCSWB282**

If you have any questions regarding the authorization, please don't hesitate to contact us.

Thank you!

Sincerely yours,

A handwritten signature in black ink that reads "Michael Green".
