

Modular Approval Request FCC (KDB 996369 D01 & Part 15.212)

FCC ID: PPQ-WCBN4609L

<i>Items to be covered by Single modular transmitters.</i>	<i>Answer from applicant</i>
1. The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly.	Yes, the modular transmitter has metal shielding.
2. The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal.	Yes, the modular transmitter uses RTL8720CM-VH2-CG for buffered/ data inputs.
3. The module must contain power supply regulation on the module	Yes, the modular transmitter has its own power supply regulator.
4. The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).	Yes, the antenna of the modular transmitter complies with FCC requirements.
5. The module must demonstrate compliance in a stand-alone configuration.	Yes, the modular transmitter is tested in a stand-alone configuration.
6. The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (see KDB Publication 784748).	Yes, when the module is installed inside another device, it will be labelled as "contain transmitter module" XXXXXXXXX
7. The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee.	Yes, the user's manual has provide instructions to explain the requirements.
8. The module must comply with RF exposure requirements.	Yes, the radiated output power is far below the FCC radio frequency exposure limits.

Note: A limited modular approval (LMA) may be granted for *single* or *split* modular transmitters that comply partially with the requirements above.

Name and surname of applicant (or authorized representative): TC Wu

Date: March 31, 2023

Signature: *Ta-Chuan Wu*
