Subject: Module Approval

Date: 8/3/2012

FCC ID: PPQ-WN4607R

IC: 4491A-WN4607R

Regarding to the FCC 15.212 and RSS Gen Section 3.2, Lite-On Technology Corp..would like to request modular approval for the submission FCC ID / IC. Lite-On Technology Corp..confirms that the product complies with numbered requirements identified below:

1. The modular transmitter have its own RF shielding. (Please review external photos).
2. The modular transmitter have buffered modulation(/data inputs (if such inputs are provided) to ensure that the module will comply with Part 15 / RSS 210 requirements under conditions of excessive data rates or over-modulation. (This modular have buffered modulation/data inputs which is controlled by the Wlan IC "RT5370").
3. This modular have its own power supply regulation which is controlled by the Wlan IC "RT5370" .
4. The modular transmitter complies with the antenna requirements of Section 15.203 and 15.204(c). (Please review external photos or test report).
5. The modular transmitter is tested in a stand-alone configuration. (Please review test setup photos).
6. The modular transmitter is labeled with its own FCC ID / IC number. (Please review label sample).
7. The modular transmitter complies with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements. (The EUT is compliant with all applicable FCC / IC rules. Detail instructions for maintaining compliance are given in the Users Manual).
8. The modular transmitter complies with any applicable RF exposure requirements. (Please refer exhibition RF exposure for the compliance of MPE RF exposure rule.).
