Modular Approval Request

FCC ID: PPQ-WN4639R

The following attestation addresses the requirements to support modular approval:

| Modular approval requirement | Yes (provide brief statement) | No * |
|---|--|-------------|
| (a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly | Yes, the module in the radio frequency component part use metal sheet shield. | |
| (b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal | Yes, the modules use the wireless transceiver module as buffer Modulation / data input. | |
| (c) The module must contain power supply regulation on the module | Yes, the module use power as 5VDC, can regulation power module model is MediaTek MT7601U | |
| (d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b) | Yes, antenna brand name/Model name/Antenna type: For TX Walsin / RFMTA400530IMAB701 PIFA Antenna For RX HONGLIN / 290-20031 PIFA Antenna | |
| (e) The module must demonstrate compliance in a stand-alone configuration | Yes, the module is in a stand-alone configuration, as the schematic and internal photos. | |
| (f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements) | Yes, the module is labeled with its own FCC ID PPQ-WN4639R, as the label. | |
| (g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain | Yes, the module is comply the Transmitter rules. And provide Instruction for application. | |

| | | |
|--|---|--|
| compliance requirements | | |
| (h) The module must comply with RF exposure requirements | Yes, the module is comply the applicable RF exposure requirements in its final configuration. | |

* Please provide a detailed explanation if the answer is "No."

Yours sincerely,

TC Wu
