

Explanation on the Change for Class II Change Filing

Date: 18th Oct. 2004

Dear Reviewer,

This project is filed as the class II change of pre-certified product. There are 2 changes on the EUT in this filing:

- 1) 4 new antennas are filed in this project.
- 2) The IC for AC/DC power U14 has been changed. 2 extra resistor R125 & R153 has been added for 3.6V output voltage.

If you have any question, please do not hesitate to contact me. Thank you.

Regards,

Dr. Alan Lane
