Confidentiality Request regarding application for certification of FCC ID: PQC-4843C

Pursuant to Sections 0.457 and 0.459 of the Commission's Rules, we hereby request confidential treatment of information accompanying this application as outlined below:

<b>Exhibit Type</b>	<b>File Name</b>
Schematics	PQC-4843C Schem.pdf

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors.

Temporary confidentiality from public disclosure is important for Philips Medical Systems from a commercial perspective. It enables the company to complete its development and regulatory efforts prior to introducing the product to the marketplace. Releasing information on the product via the FCC website prior to formal market introduction can be confusing to our customers and the medical community, and places the company at a competitive disadvantage.

Sincerely,

Delroy Smith
