## **Philips Medical Systems**

To:

Federal Communications Commission, Washington, DC 20554

Date:

November 21, 2006

From:

Zety Billard, Philips Medical Systems, Andover, MA

Subject:

Request for Confidentiality for PQC-4851 (Philips TRx4851A)

Dear Sir or Madam,

Philips Medical Systems has submitted an application for Equipment Authorization under 47 CFR Part 15 for a wireless medical telemetry transceiver, Model TRx4851A, with FCC ID PQC-4851.

## This filing includes:

- 1. Block Diagram
- 2. Operational Description
- 3. Schematics
- 4. Bill of Material
- 5. Internal Device Photograph
- 6. External Device Photograph
- 7. Instructions for Use
- 8. Part 15 Test Report
- 9. FCC ID Label/Location Info
- 10. RF Exposure Statement

Under the provisions of Section 0.457(d) of the Commission's Rules, and Section 552(b)(4) of the Freedom of Information Act, Philips Medical Systems hereby requests that items 1-4 listed above be granted Indefinite Confidentiality from public disclosure, as this information is deemed to represent trade secrets.

Under the provisions of FCC Public Notice DA 04-1705, dated 15-Jun-04, Philips Medical Systems hereby requests that items 5-7 listed above be granted 45-day Limited Confidentiality from public disclosure. Limited Confidentiality is important for Philips Medical Systems from a commercial perspective. It enables the company to complete its development and regulatory efforts prior to introducing the product to the marketplace. Releasing information on the product via the FCC website prior to formal market introduction can be confusing to our customers and to the medical community, and places the company at a competitive disadvantage.

## To summarize:

Indefinite Confidentiality	45-day Limited Confidentiality	No Confidentiality
Block Diagram	Internal Device Photograph	Part 15 Test Report
Functional Description	External Device Photograph	FCC ID Label/Location Info
Schematics	Instructions for Use	RF Exposure Statement
Bill of Material		

Thank you in advance for your consideration of this application. I can be reached at (978) 659-3603 or by e-mail to: <a href="mailto:zety.billard@philips.com">zety.billard@philips.com</a>. If I am not available, please contact Mr. Barry Wyshogrod at (978) 659-7383 or by e-mail to: barry.wyshogrod@philips.com.

Sincerely yours,

Zety Billard, Regulatory Engineer
