

To: Federal Communications Commission, Washington, DC 20554
Date: 9-Feb-07, as an addendum to previous memo dated November 21, 2006
From: Barry Wyshogrod, Philips Medical Systems, Andover, MA
(on behalf of Zety Billard)
Subject: Addendum to previous Request for Confidentiality for PQC-4851
(Philips TRx4851A, EA839822)

Dear Sir or Madam,

This request is an addendum to our previous Request for Confidentiality dated 21-Nov-06.

In reply to FCC Correspondence Reference numbers 32264, 32265, 32266, 32267, I am hereby attaching better quality photographs of the external and internal views of the device.

Under the provisions of FCC Public Notice DA 04-1705, dated 15-Jun-04, Philips Medical Systems hereby requests that these photos be granted 45-day Limited Confidentiality from public disclosure. Limited Confidentiality is important for Philips Medical Systems from a commercial perspective. It enables the company to complete its development and regulatory efforts prior to introducing the product to the marketplace. Releasing information on the product via the FCC website prior to formal market introduction can be confusing to our customers and to the medical community, and places the company at a competitive disadvantage.

Thank you for your continued consideration of this application. I can be reached at **(978) 659-7383** or by e-mail to: barry.wyshogrod@philips.com. If I am not available, please contact Ms. Zety Billard at **(978) 659-3603** or by e-mail to: zety.billard@philips.com.

Sincerely yours,

A handwritten signature in cursive script that reads "Barry Wyshogrod".

Barry Wyshogrod, Regulatory Engineer
