Federal Communications Commission
Authorization and Evaluation Division

Confidentiality Request regarding application for Class II Permissive Change certification of FCC
ID: PQC-MDL4851

Pursuant to DA04-1705 June 15, 2004 of the Commission's public notice, we request temporary
confidential treatment of information accompanying this application as outlined below:

Temporary confidentiality from public disclosure is important for Philips Medical Systems from a
commercial perspective. It enables the company to complete its development and regulatory
efforts prior to introducing the product to the marketplace. Releasing information on the product
via the FCC website prior to formal market introduction can be confusing to our customers and to
the medical community, and places the company at a competitive disadvantage.

Sincerely,

Barry Wyshogrod
Regulatory Engineer
