

May 18, 2007

Federal Communications Commission
Authorization and Evaluation Division

SUBJECT: PHILIPS MEDICAL SYSTEMS NORTH AMERICA - FCC ID: PQC-MDL4851

To Whom it may concern:

On the original grant of certification dated March 2007, the output power was listed as 50 mW. The test report submitted with this application for Certification states the conducted out put power to be 0.166mWatts. The Grant of Certification Output Power was incorrectly shown to be 0.05 mWatts. We would like to request this to be corrected.

If you have any questions, please feel free to contact me.

Thank you,

Larry K. Stillings
