Washington, D.C. 20554

Re: FCC Identifier IPZBMDM1310A

Dear Madam Secretary:

Philips Medical Systems North America Co. , a division of Philips Electronics North America Corp. ("Philips") is filing an application to effectuate a transfer of control of the above-referenced FCC equipment authorization from Agilent Technologies, Inc. ("Agilent") to Philips. The application seeks a change in FCC Identifier, with, to our knowledge, no change in design, circuitry, or construction, of the equipment at issue.

The equipment is marketed under an authorization previously issued to Hewlett-Packard GmbH ("HP GmbH"). Pursuant to an agreement between HP's parent company, Hewlett-Packard Co. ("HP"), and its former subsidiary, Agilent, Agilent was authorized to continue to manufacture the equipment in accordance with the procedures set forth in Part 2 of the Commission's Rules.

By this letter, HP GmbH consents to the proposed change in FCC Identifier to the extent necessary to make Agilent the grantee of the authorization so that it may transfer control of the authorization to Philips.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'H. Lückefett', written over the typed name.

Hans-Jochen Lückefett  
Managing Counsel  
Hewlett-Packard GmbH

Date: 16<sup>th</sup> July 2001
