Re: FCC Identifier: IPZBMDM1310A

Dear Madam Secretary:

Philips Medical Systems North America Co. ("Philips") has filed an application to effectuate a transfer of control of the above-referenced FCC equipment authorization from Agilent Technologies, Inc. ("Agilent") to Philips upon the closing of the sale of Agilent assets. The authorization was previously held by Hewlett-Packard GmbH, a subsidiary of Agilent's former parent company, Hewlett-Packard Co. The application seeks a change in FCC Identifier, with no change in design, circuitry, or construction, of the equipment at issue. By this letter, Agilent hereby consents to the proposed change in FCC Identifier to make Philips the grantee of the authorization.

Respectfully submitted,

Denis Dyke
Senior Director, Quality and Regulatory
Healthcare Solutions Group
