

Philips Medical Systems

To: Federal Communications Commission, Washington, DC 20554
Attention: Ms. Diane Poole
Date: October 19, 2004
From: Barry Wyshogrod, Philips Medical Systems, Andover, MA
Subject: **Reply to Correspondences, References #27768, #27769, #27770
731 Application #EA408759**

Dear Ms. Poole and FCC Reviewers,

On 6-Oct-04, you e-mailed me the following observations/requests:

The revised photograph of the M4842A product, with handwritten correction exhibit cannot be held confidential.

Philips Medical Systems' response:

The photograph to which you refer was the attachment which I submitted on 14-Sep-04, as part of my reply to Ms. Linda Elliott and correspondence #27578. This photograph was meant to display the FCC ID Label for the device.

However, in view of our phone conversation of last week, Diane, please permit me to make the following changes:

1. I hereby attach a revised FCC ID Label. Please delete the above-mentioned photograph and replace it with this new artwork. ***Diane, please note that this new artwork is identical to the FCC ID Label which I attached to a second reply to you of earlier today, namely, Philips Medical Systems' response to correspondences #27751, #27752, and #27753.*** If you have already processed the FCC ID Label from my earlier reply, you can ignore this attachment; it's the same.
2. Philips Medical Systems understands and agrees that this revised FCC ID Label will not be confidential.

Diane, thank you for all your help. For any further issues, I can be reached at **(978) 659-7383** or by e-mail to: barry.wyshogrod@philips.com. If I am not available, please contact Ms. Denise Haley at **(978) 659-4358** or by e-mail to: denise.haley@philips.com.

Sincerely yours,

Barry Wyshogrod, Regulatory Engineer
